PhunkyGames

Strategic Development Plan

2025-2026

WHERE MYTHS AWAKEN, YOUR JOURNEY BEGINS

Phase 1 - Foundation & Preparation (July - September 2025)

Objective: Build core team, legal structure, and secure seed capital.

- Hire reputable Game Designer (preferably ex-Magic, Fantasy Flight, etc.).
- Recruit senior Advisors (TCG, Web3, Publishing focus).
- Contract a Fantasy Writer and Historical Consultant for Machiatto lore.
- Engage Spacefunds for StartEngine documentation - $6,000 USD.
- Hire Silicon Valley startup evaluator and whitepaper writer - $4,000 USD.
- Conduct internal valuation update with Windeye Partners - $2,000 USD.
- Hire IP licensing attorney to review, expand, and secure patents - $6,000 USD.
- Raise $50,000 USD seed capital via SAFE at $45M valuation (5 investors x $10K).
- Partner with a premium game printer for 1,000 VIP units (sponsored).
- Seek publishing partner for non-digital games.

Phase 2 - StartEngine Launch & VIP Product (September - December 2025)

Objective: Public visibility, capital generation, product validation.

- Launch StartEngine campaign in September (target: $500,000 USD).
- Deliver VIP Collection Day Zero (1,000 units).
- Geographic focus: North America or Japan.
- Activate Companion App and Enigmatic Puzzle Layer for community.

Phase 3 – IP Expansion & Narrative Development (2026)

Objective: Build transmedia universe and expand brand.

IP Rollout Plan:

- Machiatto VIP Collection.
- Companion App release with demo.
- Invasion Anunnaki: First Release.
- Ancient Stories Before Time.
- The Angels War: Yaveh and the Fall.
- The First Humans & Civilizations.
- Hidden 18-19th Century Battles.
- The Sleeping Gods Awaken.
- Apocalypse: Final War for Earth.

Negotiate with Japanese partners for physical game.
Secure anime studio partnership (target: WIT Studio).

Phase 4 – Global Scaling & Series B (2026-2027)

Objective: Consolidate IP, global market entry, technology monetization.

- Series B fundraising: $50 million USD.
- Launch in USA, Spanish-speaking markets, Japan.
- Produce and launch anime series.
- License Phygital Storytelling Engine to external publishers.
- Develop platform to support independent phygital game developers.

Key Milestones by Phas

- Phase 1: $50K seed raised, core team & advisors onboard.
- Phase 2: $500K StartEngine closed, VIP Collection delivered.
- Phase 3: Official product launch, active app users, Japan expansion.
- Phase 4: $50M Series B, 3-region presence, licensing revenue active.

Executive Summary

Phunky Games is not just creating a game - we are building the infrastructure for the future of phygital narrative gaming. With defensible IP, exclusive technology (GlyphLink), and a phased, realistic plan, we officially initiate operations July 15, 2025.

Immediate recommendations:

- Secure key hires.
- Finalize legal structure and patent protections.
- Prepare investor materials and outreach.
- Engage Japanese partners early.

The time to establish global leadership in phygital gaming is now.
